

Young Arts 2019

Thank you to Susan Merelie and Rachel Davis for planning and running this project.

Arts workshops, funded by Arts Society Bristol, and run by local artist, Rachel Davis, have been held in March and April for young carers. They used a variety of techniques, including print-making and collage to create some fascinating images. The work is now on display at **Southmead Hospital** in the atrium.

Special thanks go to Peter Stoppard and Susan Hampton for their generous donations towards this project.
