### **Baroque on a Roll**

*(Classical Music in the Modern Era)*

**With our Speaker: Tony Rawlins**

Tony talks about the increasing popularity of classical music, especially amongst young people. He shows examples of how classical music enhances the mood – the drama, the tension, the romance – of feature films, and shows examples of how it has made many TV commercials truly memorable. Tony will describe how a piece by an obscure 17th century German composer has become our No. 1 favourite at weddings and funerals and how classical melodies and chord sequences have been borrowed for a huge number of popular hit records. And—we are expecting Tony to “illustrate” with his guitar!

*Parking: Bristol Golf Club is situated just off the M5 at Jct 17 (Cribbs Causeway). There is ample parking on site adjacent to the clubhouse.*
